

## December 17<sup>th</sup>, 2024, N° 1 Table of Contents

1. EV global market information	5
1.1 Global Top 20 New Energy Vehicle Sales: Chinese Models Account for 18, Model Y Drops by 30%	5
1.2 Global New Energy Vehicle Penetration Rates in 2024: Japan at 2.9%, US at 9.5%, India Lags Behind	5
1.3 Yiche Ranking: China's Car Sales in October 2024 Surpass the Combined Total of the US, Japan, and Germany in the Global Top 10 Countries List	6
1.4 China's new energy passenger car market accounts for nearly 70% of the global market, with Cui Dongshu revealing the underlying trends	6
2. Key players observed through drawings	7
2.1 China Automotive sales volume 2024	8
2.2 China car export 2024	8
2.3 China BEV & PHEV sales 2024	9
2.4 Market share of foreign and Chinese brands 2024	9
2.5 Key car players in China 2024	10
3. Chinese EV carmakers and suppliers in Europe	10
3.1 CATL Investment Exceeds 30 Billion Yuan! CATL Third European Battery Factory Settles in Spain.	10
3.2 European Automakers Call on Chinese Supply Chain: Let's Form a Dynamic Duo!	10
3.3 From Southeast Asia to the European continent, China's automotive supply chain takes root globally	11
3.4 China Reshaping the Global Electric Vehicle Market, Automakers in the US and Europe Face Huge Challenges	11
3.5 From Components to Complete Vehicles, the China-Europe Automotive Industry Chain Deepens Integration and Cooperation	12
3.6 Chinese Automakers Shift Export Strategy to Europe: If Electric Vehicles Are Taxed, Then Sell Hybrids	13
4. BEV, PHEV and REEV	14
4.1 Global New Energy Vehicle Market: Hybrid Technology Becomes the New Favorite, Pure Electric Vehicles Face Challenges	14
4.2 China's Pure Electric Vehicle Industry Report: Industry Definition, Policies, Industry Chain, Existing Issues, Current Status, and Prospects for Development and Trends	15
4.3 Range-Extended Technology Becomes a Hot Commodity? Joint Venture Automakers Increase Their Bets, How Will the Market Landscape Change?	16

## Subscription Form for the China EV Newsletter

Subscribe to the **China EV Newsletter** and receive **two newsletters per month** (a total of **24 newsletters per year**) covering the following topics:

1. Global EV market insights
2. Analysis of key players, illustrated with diagrams
3. Chinese EV carmakers and suppliers operating in Europe
4. Updates on BEV, PHEV, and REEV technologies
5. Developments in critical minerals: lithium, nickel, manganese, and cobalt
6. Innovations in cathode, anode, membrane, and electrolyte materials
7. LNMC, LFP, and sodium battery advancements
8. Semi-solid and solid-state battery technologies

9. Motors, BMS (Battery Management Systems), and EV platforms
10. Automotive semiconductors
11. Charging systems and infrastructure
12. Emerging EV-related technologies
13. Infotainment and connectivity systems
14. Autonomous driving updates
15. Battery recycling and sustainability initiatives

**Annual Subscription Fee : €2,400 (excl. VAT) for 24 newsletters**

### **Subscription Details**

Please provide the following information:

- **Full Name:**
- **Title:**
- **Company Name:**
- **Email Address:**
- **Subscription Date:**

**Signature:**

---

### **Payment Information**

**Company : Chinform**

**Bank : Qonto**

- **IBAN:** FR76 1695 8000 0157 7253 3736 415
- **SWIFT:** QNTOFRP1XXX
